GENDER:  

Each page contains an initial figure. Please, take a close look at it and imagine what it could be. Write down all mental images that come to your mind. The more of them you imagine, the better. Then take the image you like most and bring it back to your mind again. Based on this, make an attempt to imagine something even more original and extraordinary. You have complete freedom of transforming the image and adding new elements to it. Finally, draw your mental image as accurately as you are able and write down what your drawing represents.

You have reached the end of the study. Thank you for providing all responses.

Imagine what it could be.  
Write down all your mental images.
